

**Post-doc position at the Institute of Experimental Psychology,
Center of Social and Psychological Sciences,
Slovak Academy of Sciences in Bratislava**

Deadline: 9 August, 2026, 12:00 CET

Dear colleagues,

Institute of Experimental Psychology, Center of Social and Psychological Sciences, Slovak Academy of Sciences in Bratislava opens a call for the post-doctoral research post in psychology to begin September 2026.

Application deadline: 09/08/2026

Employment contract: 12 months (full-time, with possible extension up to a permanent position)

Whom are we looking for?

Applicants should have a PhD degree in Psychology or a related field. Further requirements are excellent oral and written skills in English, solid methodological and statistical knowledge, a dedication to scientific research, and a good publication record in these fields in the last three years.

Preference will be given to scholars who conduct research that would support one of our existing areas of focus:

- knowledge in the field of conspiratorial beliefs, trust, cohesion, intergroup relations and conflicts, polarization, political psychology, radicalization;
- experience with experimental research focused on intergroup relations and/or reducing conspiratorial beliefs;
- experience with longitudinal analysis (RI-CLPM);
- logistical support of research;
- experience with designing interventions.

What do we offer?

The Institute of Experimental Psychology of the Slovak Academy of Sciences is a leading research institution in Slovakia, specializing in diverse psychological fields such as Psychology of Unfounded and Extreme Beliefs, Psychological Adaptation, Coping, and Psychological Regulation, and Neurocognitive Communication and Autism. It conducts in-depth studies to understand and address these issues, providing valuable insights and practical solutions to societal challenges.

The position is research-oriented with no teaching requirements. Although the current position is for one year, there is a possibility to switch to a permanent position in the future.

Salary

Gross salary from €1300 to €1600 per month (depending on experience) + reward bonus (depending on achievement). Non-monetary benefits include a psychologically safe and

supportive work environment and 45 days of paid vacation.

How to apply?

By e-mail to the e-mail address **vladimira.cavojova@savba.sk**

Mandatory attachment: CV and the list of representative scientific publications and research project participation.
